

Spring 2014

More signs of Spring! We were bird watching in one of our local parks and caught these birds:

Killdeer

Snowy Egret

Red-winged Blackbird

I see some more bird paintings in my future! If you know the name of the small white bird in the middle, please let me know! The way it walked, reminded us of an Egret which we've only seen in Florida.

.....

We had a wonderful time at the **Governor's Art Show** in Loveland. We artists paint in isolation a lot of the time so it was a treat to see old friends again that we hadn't seen in some time.

Leslie with the Water Reflections paintings. Admiring Monty Taylor's Magpie Sculpture. Painting at Osborn farm.

The Loveland/Museum Gallery, Downtown Loveland

**The show will be open to the public May 4 – June 15, 2014**

**See the show with no Gallery Fees on Thursday, May 22, and Wednesday, June 4.**

.....

I'm still busy painting in the studio for "Landscapes to Abstract" debuting this fall. Of course, I will paint the flowers; irises and hollyhocks. And venture out to paint En Plein Air this summer. I hope you all enjoy a delightful, relaxing summer.
